Help us Realize the Vision: a Greek Orthodox Church in Loudoun County, VA

We have purchased 7.5 acres of land and have begun planning to build our new church campus!

Our parish was founded 13 years ago after a one-woman "cold call" campaign to discover our founders.

We invite you to share in our Lord's blessing in building His church.

Our New Era

Few have the chance in their lives to take part in building a new church facility. God's blessing is upon us as we work with architects and engineers to create our final plans, and approach our first phase of construction.

Our Plea

Every donation provides meaningful support to help build our faith and our church that will serve the faithful in Loudoun County, Virginia.

Contact us to schedule a personal discussion with our Priest and our Parish Council President, where you can see our faith in action, hear about the plans for our new church, tour our land and find the blessing awaiting you in supporting this effort:

"For where your treasure is, there will your heart be also"
- Matt 6:21
